

2011 Census release: Ward profile

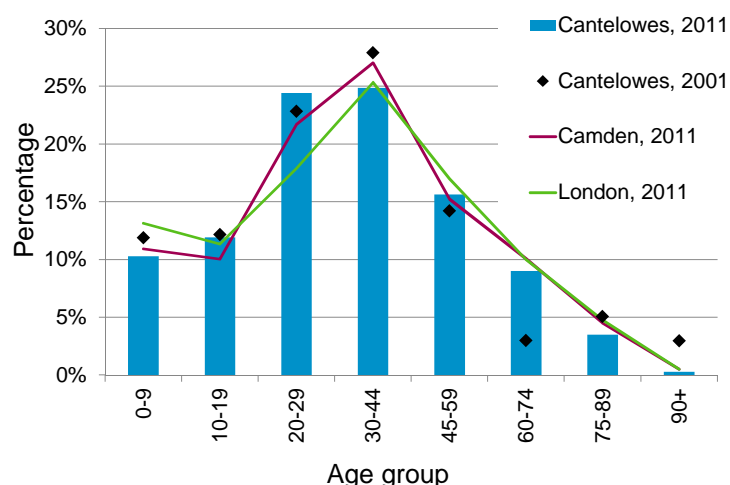

E05000131 Canteloves

March 2013

This profile provides information on key demographics, health care, household and employment status for this ward primarily based on the 2011 Census data. It shows both the differences between the Camden average and the ward, and where available, between the 2001 and 2011 Census figures. All data for 2011 were published by the Office for National Statistics (ONS) in January 2013. All data are available at www.ons.gov.uk. Unless otherwise stated, data are for 2011.

DEMOGRAPHICS

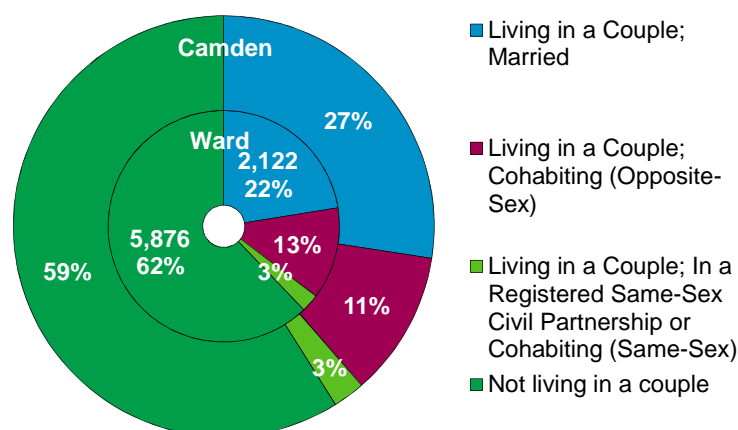

Age structure

In 2011 there were a total of 11,925 residents in Canteloves, compared to 10,490 in 2001.

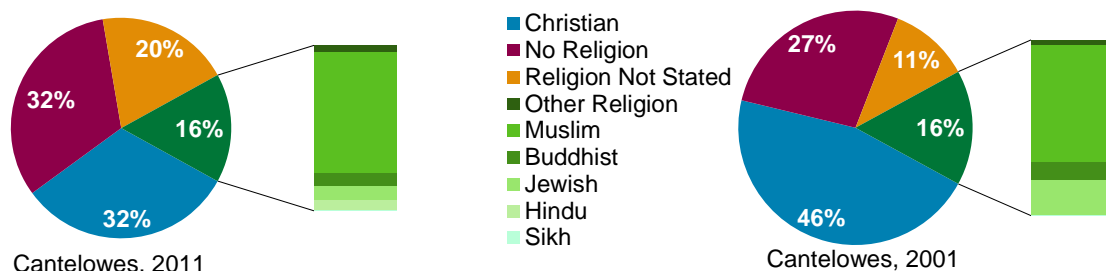

The 60-74 years age group saw the largest increase from 2001 (from 3% to 9%).

Marital and Civil Partnership status

In 2011, 62% of residents in Canteloves were recorded as not living in a couple. This is higher than Camden (59%) and is a decrease from the ward's percentage in 2001 (64%).

Religion

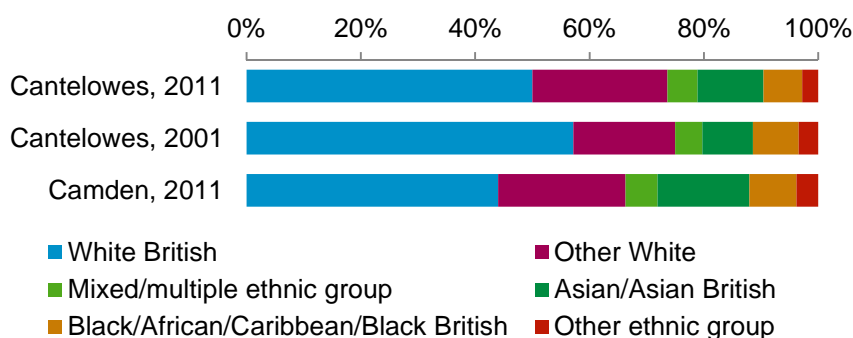

The percentage of people with no religion in Canteloves has increased from 27% to 32% since 2001, and is the same as in Camden (32%).

Ethnicity and Language

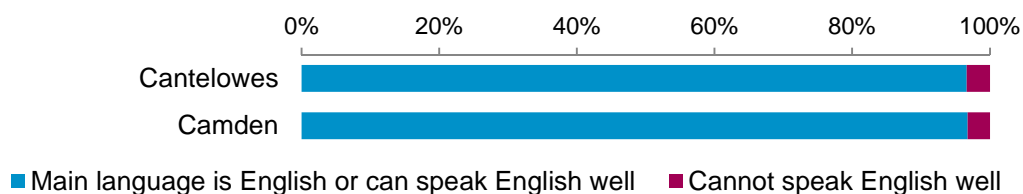

Ethnic Group

In 2011, 50% of people in Cantelowes were White British, followed by Other White, which represents 24% of the ward population.

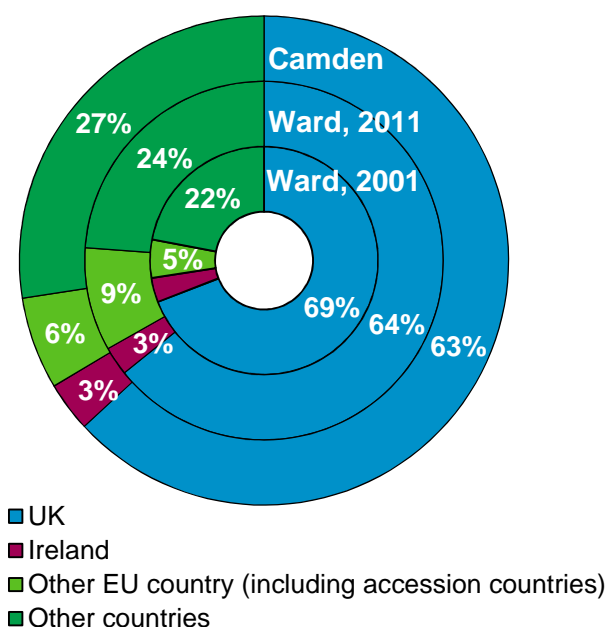

Proficiency in English

In 2011, 389 (3%) of people could not speak English or not speak English very well. This percentage is the same as in Camden overall (3%).

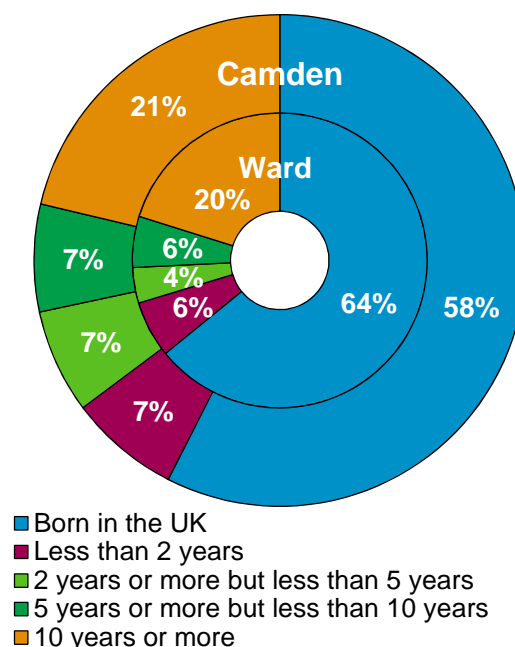

Country of birth and residency

Country of Birth

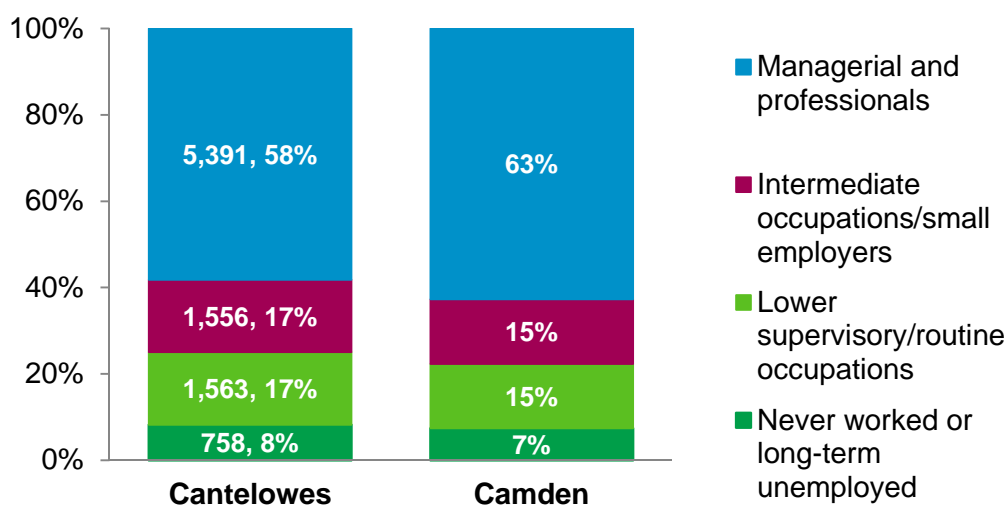

Length of UK residency

The percentage of residents in Cantelowes that were born in the UK decreased from 69% in 2001 to 64% in 2011. The percentage of people born in EU countries (including the most recent accession countries) other than the UK and Ireland has increased from 5% in 2001 to 9% in 2011. The percentage of residents in Cantelowes who were not born in the UK but have lived in the country for ten years or more is lower in Cantelowes (20%) than in Camden (21%).

LABOUR MARKET

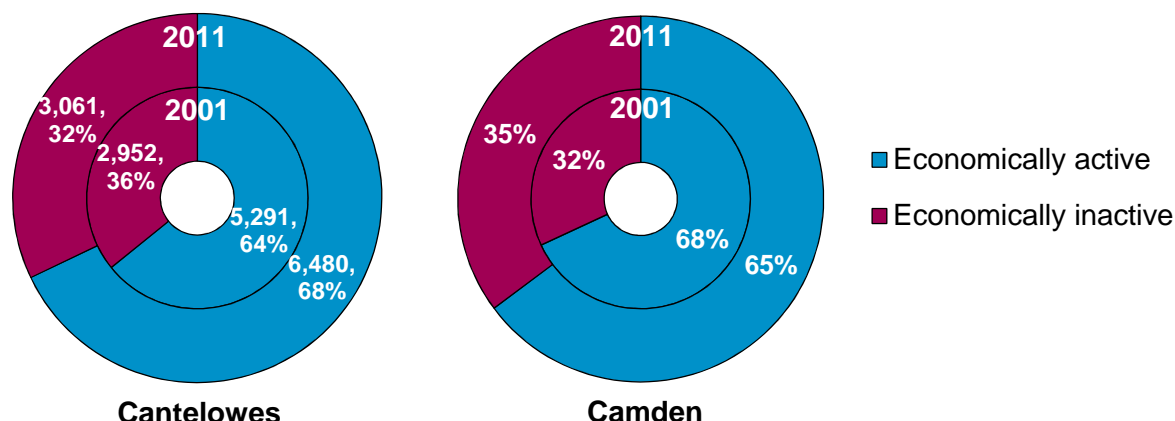

Employment by socio-economic group (NS-SEC)

In 2011, 758 residents in Cantelowes were long-term unemployed or had never worked, which represents 8% of the ward population (compared to 7% in Camden).

Note: The working age population size does not exactly equal the sum of the individual categories due to rounding.

Economically inactive* working age population (16-74)

In 2011, there were 3,061 (32%) economically inactive residents* in Cantelowes, of whom 504 (16%) were long-term sick or disabled (14% in Camden).

* Not in work and not actively seeking work.

Education and qualifications

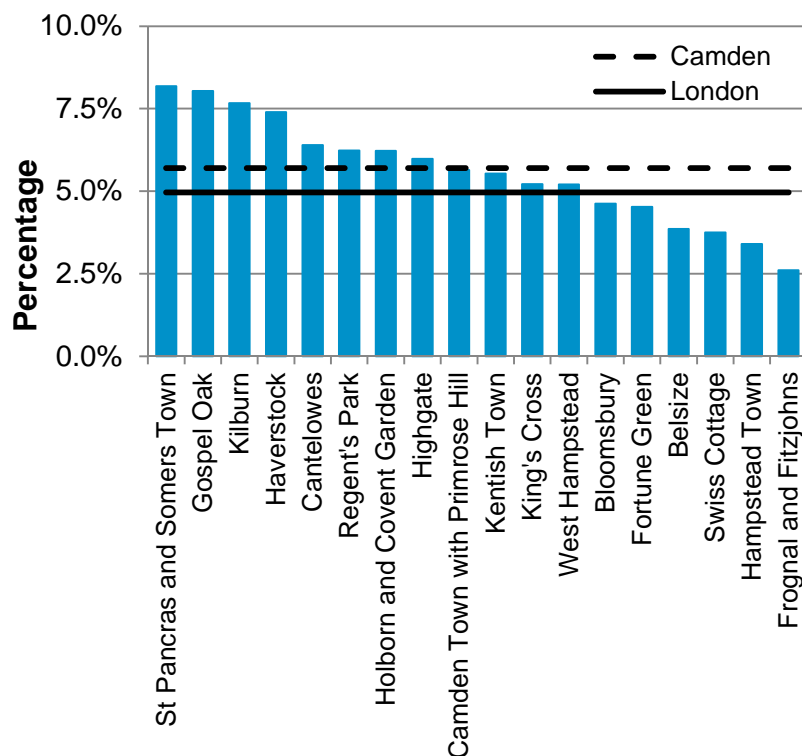

In 2011, Cantelowes had a higher percentage of residents aged 16 or over with no qualifications than Camden, and a higher percentage of residents aged 16 or over with a degree level qualification than Camden.

Ward	No qualification		Degree level	
	2001	2011	2001	2011
Cantelowes	1,660 (20%)	1,387 (15%)	3,465 (42%)	4,811 (48%)
Camden	26,935 (17%)	23,451 (11%)	72,945 (47%)	93,453 (42%)

Note: 2001 Census reported data for 16-74 year olds, and 2011 Census reported for all residents aged 16 or over, so figures aren't directly comparable.

HEALTH AND THE PROVISION OF UNPAID CARE

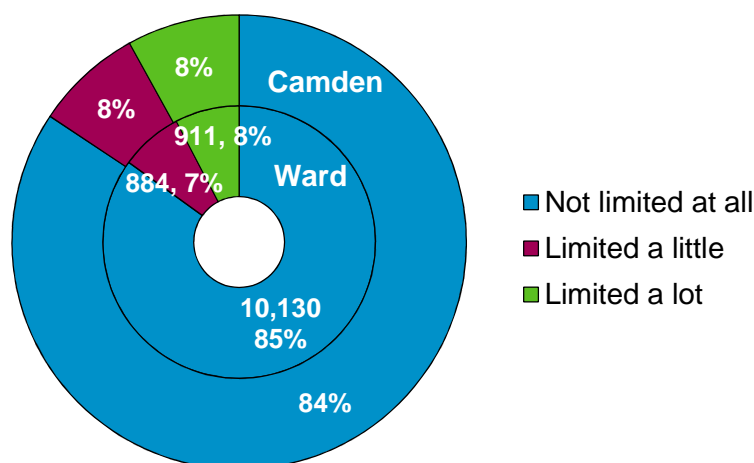

Percentage of residents who rated their health as bad or very bad, Camden wards compared with Camden and London averages, 2011

6% of Cantelowes residents rated their health as 'bad' or 'very bad' in 2011, which was equal to Camden (6%). In 2001, 10% of Cantelowes residents rated their health as 'not good'.

83% of Cantelowes residents rated their health as 'good' or 'very good', which was lower than the Camden average (84%). 10% of Cantelowes residents rated their health as fair.

Residents who feel that they are limited by their health in their daily lives, Cantelowes compared with Camden.

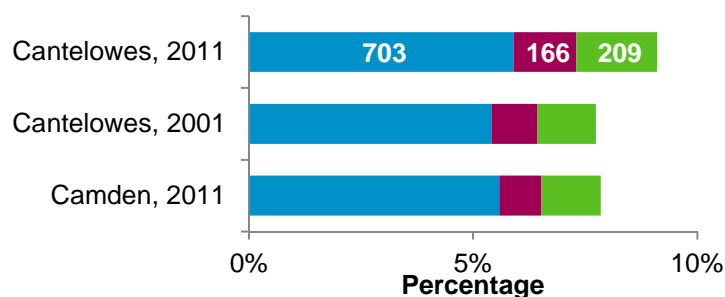

8%

of Cantelowes residents felt that they were limited a lot in their daily lives, compared to 8% in Camden.

Note: The question from 2001 is not directly comparable with the 2011 question. In 2001, 17% of residents felt that they had a limiting long-term condition.

Percentage of residents providing unpaid care, by number of hours per week, Cantelowes 2011 and 2001 and Camden 2011

Hours per week

0-19

20-49

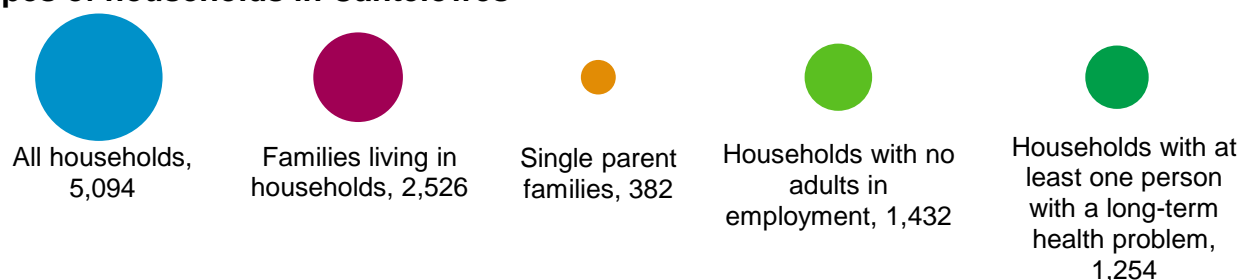

50+

9%

of Cantelowes residents provided unpaid care at least once a week, an increase of 1% from 2001.
