Dear Requester

Thank you for your request for information dated 16 November 2018 about land searches. We have dealt with this under the Environmental Information Regulations 2004.

Response

The council holds the information requested and the answers to your questions are as follows:

1) How many residential joint LL1 and CON29 land searches did the council carry out from November 01,2017, to October 31,2018?

We have had to run the report so the following figures cover the period from 31st October 2017 to 2nd November 2018.

The number of LLC1 and Con29R searches over this period was 3519.

Our figures are based on all LLC1 and Con29R searches, as we do not split off commercial and residential searches – they have the same fees. The only figures we can generate are for all of the LLC and Con29R's in total.

a) In the same time period what income did this generate?

The income Raised From LLC1 and Con29R Searches During this Period was £695,811.

2) How many commercial joint LL1 and CON29 land searches did the council carry out from November 01,2017, to October 31,2018?

Please see response above.

a) In the same time period what income did this generate?

Please see response above.

3) From April 01, 2018, to November 01,2018, how long on average did a joint LL1 and CON29 land search take?

From April 2018 to November 2018, 100% of all LLC1 and Conr9R searches have been returned within ten working days.

We cannot generate an average of how long each search took as none of the reports available provide that information.
